

Designs of Distinction[®] to Introduce New Brass Accents at KBIS 2025

(Chicago, IL): Designs of Distinction[®] [DOD] announces the expansion of its product line with the launch of four stunning brass components, each crafted to add **elegance and sophistication** to high-end cabinetry, furniture, and architectural projects. These new additions reflect the company's commitment to delivering **premium decorative hardware that blends timeless design with exceptional craftsmanship**.

New Brass Products Include:

- **1/4" Solid Brass Bar:** A sleek and versatile accent available in lacquered polished brass and lacquered satin brass finishes. Ideal for creating clean, modern lines on cabinetry and furniture.
- **3/8" Solid Brass Strap:** Now available in lacquered polished brass and lacquered polished nickel, this strap provides a durable and decorative option for trim work, edging, and more.
- **Solid Brass Corner Connectors:** Designed to complement the brass straps, these connectors are available in lacquered polished brass and lacquered polished nickel finishes. They are perfect for adding functional and decorative details to corners of cabinetry or furniture.
- **Solid Brass Strap Connectors:** Offering seamless transitions between brass straps, these connectors are also available in lacquered polished brass and lacquered polished nickel, providing a cohesive look to any design.

Applications and Benefits:

- Ideal for use in cabinetry, furniture, and architectural projects.
- Multiple finishes ensure compatibility with various design styles, from modern to traditional.
- Made from high-quality, durable materials for long-lasting performance.

"These new brass components allow designers, builders, and woodworkers to explore new creative possibilities," said Kathy Constantine, Vice President at DOD. **"We're excited to bring a new level of detail and luxury to interior design projects."**

See These Products at KBIS 2025

The new brass components will be on display at the Kitchen & Bath Industry Show (KBIS) 2025, Booth N2363, where Designs of Distinction[®] will also showcase its full line of innovative products, including end panels, tambour profiles, and mullions.
